Washington, Nov. 12.—A landing force of at least 2,000 men is now available for the international fleet in the harbor of Constantinople, should a Moslem outbreak endanger the lives of the foreigners there. This force is considered by the state department to be fully adequate to meet any emergency and any anxiety previously felt for Americans is entirely relieved by assurances made to the department today that Russia will assume responsibility for the safety of all citizens of the United States in the Turkish capital.

Milwaukee, Nov. 12.—John Schrank, who pleaded guilty today to an attempt to murder Theodore Roosevelt, did not receive the quick disposition of his case he had looked for. Instead of being sentenced, Municipal Judge Backus appointed five alienists to act as a part of his court in determining the would-be slayer's mental condition. Patient's Stomach Wall Removed and Stomach Sewed in 75 Minutes.

New York, Nov. 12 .- A new operat ing record, so far as available data goes, was set today in connection with the third annual clinical congress of surgeons of North America in session here. No less than 175 clinics were held, with more than 800 operations and demonstrations for the benefit of the upwards of 2,200 delegates who are attending the congress. It was officially stated that the congress now constituted the largest body of sur-geons that had ever met in the history of the world.

The day's demonstrations at the va-rious clinics ran the gamut of ordi-nary surgical operations, but included as well a number of notable demon-strations of surgical skill. Much interest was displayed by a large assen bly of surgeons in a cilnic held in Bellevue hospital, where part of a patient's stomach wall and four feet of intestine were removed and the stom-ach was sewed up in 75 minutes. The average time for such an operation is from two to three hours. The operation was performed by Dr. J. Douglas, visiting surgeon.
